

Quotation request

GVO printers & designers B.V. | Ponsen & Looijen
Experience in PhD theses since 1988

Quotation request

You should ask for a quotation at the latest 4 months before your graduation date. Often you will do this from different printers. If you request a quotation from different printers, make your comparison of quotations on similar basis. Ask for the same specifications.

Before you ask for a quotation you have to make a decision about the next items:

1. How will I publish my book?
2. What printing method do I choose?
3. What kind of paper type do I use in my book?
4. What finishing method do I choose?
5. What are the specifications of my book?

You can ask GVO | P+L for a tender in the following ways:

- In person. Make an appointment at our printing office in Ede, at our office in Amsterdam or at your address.
- By phone: 0318-544034 or 020-8884540
- Via our [internet site](#)

We always try to make our quotations to the fullest possible extent, so you can budget well.

Possibly you are qualified for one of our special discount arrangements. Besides the arrangement with the NWO, we have special arrangements with several departments, professional

groups and research schools. Discounts are determined by the number of persons and the duration of the agreements. Ask about the possibilities.
